John Mager

August 8, 1950 - November 18, 2025

John Mager, EWU Professor Emeritus, passed away on November 18, 2025, after courageously battling MS for 40 years. He was born in Linz, Austria in 1950 and immigrated to the US with his parents in 1956. He grew up in Glendale California and graduated with a degree in Business from Cal State Northridge. A few years later he went on to get his M.S. and Ph.D. in Marketing from the University of Oregon, graduating in 1986. He first taught at Utah State University before returning to the Pacific Northwest in 1987 where he taught both graduate and undergraduate courses at Eastern's School of Business from 1987 until 2009, when he retired as Professor Emeritus.

He is survived by his wife, Bonnie Mager; daughter, Caroline, and her husband Rick Wallingford; son, Justin, and his wife, Eileen Mager; and their son, Jacob Mager; their grandchildren, Marion Mager-Reeser, Damien Mager-Reeser, Kai, and Emma Mager; and their two stepdaughters, Lexi and Kaitlyn Wallingford; his mother, Franziska Mager; sister, Elfriede Salisbury; niece, Liz Hopman and her husband Ian Hopman and their daughter Heidi.

He was a life-long learner who had a passion for research as well as teaching and passed that on to many of his students. He loved EWU and being a part of its community and was very pleased when two of his three children and his granddaughter all became Eagles.

He was a lover of life and ran marathons, hiked, swam, and went on adventures as long as he physically could. After MS prevented him from enjoying those activities, he still continued to spend time outdoors, both at home and at the lake with his family; and drank black coffee each morning while listening to NPR.

He is deeply missed by his family and friends, but his legacy continues on through the work he contributed, the lives he touched, and a brick along the pathway to Showalter Hall.

A Celebration of Life Memorial is being held on the EWU Campus at Hargreaves Hall on Saturday, April 25 at 11am with friends, colleagues, and students all welcome to attend.

In lieu of flowers, the family would ask that you contribute to the "John Mager Scholarship Fund" being set up to continue his legacy.

SPOKANE VALLEY CITY COUNCIL TUESDAY, APRIL 14, 2026 | MEETING RECAP

This week, the Spokane Valley City Council held a special workshop meeting to discuss the following non-action item.

#1 – Comprehensive Plan Periodic Update, Housing, Utilities, & Climate Elements

The Growth Management Act (GMA) requires that the City update the Comprehensive Plan and Development Regulations by December 2026. The purpose of the update, which is required every 10 years, is to bring cities up to date with changes to the GMA, recent case law, and changes in land use and population growth. To streamline the update development process, the Council will review a portion of the draft elements of the plan over three different Council meetings.

On March 14, the Council received information about the Housing, Utilities and Climate Elements of the Comprehensive Plan. At this meeting, information was presented about:

- **Housing**
- Support increased housing developments to meet population and housing growth projections
- Ensure housing policy aligns with recent state mandates, including middle housing and accessory dwelling unit requirements
- Locate multifamily and mixed-use housing near employment centers and transportation corridors
- Provide for a variety of housing types
- Support the preservation of existing house stock and maintain a balanced housing inventory
- **Public and Private Utilities**
- Utilities are foundational to quality of life, community resiliency and economic vitality
- Coordinated planning is essential due to multiple providers and regulations
- Planning ensures sufficient capacity to accommodate projected growth
- Utilities in the city include
  - Energy facilities such as transmission lines and substations
  - Natural gas pipelines
  - Telecommunications, such as broadband, satellite, cable and fiber optics
- **Climate and Resiliency**
- This is a new mandatory element (RCW36.70A.070) of comprehensive plans and consists of two parts: Greenhouse Gas Emissions Reduction Sub-Element and a Resiliency Sub-Element.
- Staff discussed compliance pathways, extreme weather and climate hazards in Spokane Valley, a vulnerability assessment, and compliance pathways to greenhouse gas emissions reduction.

The Planning Commission is scheduled to review in May and City Council in June the last three elements: Parks, Transportation and Capital Facilities. The entire updated draft Comprehensive Plan will go before the Planning Commission and Council later this year with adoption planned for late in 2026. More information on the Spokane Valley Comprehensive Plan can be found at www.SpokaneValleyWA.gov/Valley2046.

OPERATION DOG TAG

OperationDogTag.org

Greetings to all war time veterans, and to all you who are suffering with any kind of war trauma. My name is John Nicholl, I'm a 23 year veteran of the US Military, serving with the US Coast Guard, Washington State Army Guard, Washington State Air National Guard, and lastly the US Air force Reserve AGR where I served as a Chaplain Assistant. I was in the Iraq War three times, stationed at the biggest base in Iraq working with my Chaplain helping the Doctors and Techs with wounded & deceased soldiers.

Taking care of all the wounded soldiers and those that died in the hospital was very hard on me, especially dealing with the many children who came to the main base hospital to receive medical help with injuries caused by IEDs, mines, or a stray bullet. It totally broke my heart and spirit & caused some anxiety, stress & mild PTSD and I came close to taking my own life.

All I can say is Thank You Jesus for sparing my life. After I retired from the US Military I heard about a minister called Pastor James working with the homeless & people that society "don't have time for" in Texas. He runs a street ministry & brings the homeless to his ranch to help them get off the streets & bring hope to their lives. I contacted him and he invited me to come down and work with him. So my dog DJ and I packed up our stuff and started our adventure!

DJ and I spent 3 years working with Pastor James ministering to the homeless, drug addicts and many others who needed help. Then DJ and I bid farewell to Texas and headed to Orlando, Florida to spend time with my daughter. During that time DJ got very sick & passed away, it was very hard on me losing my best friend. I was alone again, even though I had family around who cared for me, it was really difficult to lose my emotional support animal.

I returned back to Texas to work with Pastor James and discovered he had taken in a stray pregnant female German Shepherd. Soon after my arrival she had 8 puppies and he allowed me to take the first pick of the litter

to pay me back for my hard work and to help with the loss of DJ. One of the female puppies caught my attention, and I named her Rhema!

In 2019, I came back to Spokane to help my ageing parents and my Mom passed away. I thank God I had Rhema to help me through the loss of my Mom.

I knew Rhema needed more training, and someone told me about Operation Dog Tag and Joe's Scheffer training abilities, so I contacted him to ask if he would help me train Rhema. The training I got was very good and helpful. I totally recommend Joe to all you veterans with PTSD, or any war related trauma to first call out to Jesus, he will come and help you through your situation and second, get a dog and contact Joe to help you train your dog and assist you with your war trauma and PTSD. God created dogs and He put his love, compassion, loyalty, protection and care in these animals. This shows how much God loves us, bringing a dog into your life can bring you joy.

Thank you Joe for helping me with Rhema, I am forever grateful!

Fishing Magician

Reach Dave @ www.FishingMagician.com or FishBoy@nwi.net "The Outdoor Insider"

I had an exciting week, driving over to Hayden, Idaho and meeting with my new boat sponsor. Just one of many good things that have happened for me this spring. I am very excited about getting out on the water this season and talk about the great fishing waters near Spokane and Hayden!

Last Thursday I traveled to Hayden, Idaho and met with the folks at Mark's Marine, my new boat sponsor. I had met Aaron Thykeson and John Calder at the Big Horn Show in Spokane, and after a couple of follow up calls, was invited to visit the dealership and meet with the two of them and the general manager, Tony Schilling. What we talked about was what I could offer them in terms of exposure to sell boats, and what they would do for me. They were familiar with my large following in Eastern Washington and were able to offer me the use of a brand new 20 foot Thunder Jet Luxor boat. We spent a great deal of time deciding how the boat would be rigged. Included in the package would be a Mercury 200 hp main engine, a 9.9 kicker, a Minn Kota Ulterra bow mount electric motor and two Garmin fish finders. There were many more items and other details about what would go on the boat and how it would be set up. I am very excited about this new relationship and working with the terrific people at Mark's Marine! This week's photo is of me and the Marks Marine staff.

As Moses Lake fills each spring, one of the earliest boating accesses that anglers like to use is at Connelly Park. There is a deep water boat basin here and double docks. It is the closest one to the northern end of the lake, where the walleye fishing often begins, due to the shallow water. The park opened on April 8th this year, and can be used from 6 a.m. to 7 p.m., and is closed on Monday and Tuesday. The park is operated by the Moses Lake Irrigation and Rehabilitation District. There is a large parking area here and Sani Cans nearby. I often use this launch when fishing for walleye and bass on this end of the lake throughout the season. Many boaters have been using the launch at Blue Heron Park clear through the winter months. Moses Lake is filling rapidly now, and I expect the docks to be going in at the many boating accesses on the lake. There are a number of excellent parks at these launch sites, and some even have RV hook ups and camping. You can check them all out by visiting the Tour Moses Lake website.

Rufus Woods Reservoir is a huge attraction for anglers looking to land the biggest rainbow of their lives. It happens frequently. Although the big fish mark for many might be 5 or 6 pounds, which is easily done on Rufus, there are some real whoppers caught here every year. Thanks to the annual plants of triploid rainbow by the Colville Indian Tribe, there is always a good supply of fish growing in the reservoir. These plants average over 40,000 fish and are made up of fish averaging close to 2 pounds. I heard there was a release of over 20,000 fish last month. There are other plants planned, including some of a smaller number but made up of larger fish. The growth rate of these fish is amazing. Coupled with the abundance of feed that filters through the net pens, it takes just a short time for fish that weighed a couple of pounds to grow to 5 or 6 pounds. I have landed three rainbow that were estimated to weight over 15 pounds. On one spring day Eric Granstrom landed one on my boat that was estimated to weigh 20 pounds.

I got a text the other day from a friend that was interested in a sturgeon fishing trip and wanted to know the best time to go. I told him that I had an amazing day fishing for these monsters below Rock Island Dam with Austin Moser in May. The big, oversized sturgeon move into this area in the spring for spawning and anglers can often hook fish that are 8 to 10 feet long. It is a catch and release fishery and for many it is the only chance they get to do battle with fish in the "big game" category. I remember the day that I fished with Austin very well. Eric Granstrom was with us to do a video of our experience and Nate Stull was along as well. We hooked one fish in the fast water below the dam, and it ran right for the highway side of the river where the current was the strongest. I was on the rod and couldn't do a thing with it. It jumped twice and only after a battle that lasted at least a half hour, we got it next to the boat. We figured it was 12 to 13 feet long!

A couple of years ago I was assigned a video project that would showcase some of the best fishing waters in Grant County. I traveled throughout the county with my video gear and documented the great destinations that attract thousands of anglers a year. Whether you like to fish for trout, bass, walleye or other species there are lakes that promise excellent fishing. If you go to the Dave Graybill YouTube channel you will find these videos. One that is a good one to view right now is the one I did with my friends Brian Nielson and Mike Wren called "Walleye Fishing Hot Spots on Banks Lake". This is a good guide to the popular walleye fishing areas on upper Banks Lake. I also did one on "Where to Find Walleye on Potholes Reservoir". These videos may help you choose a great place to spend some time with your friends and family.

If you are a subscriber to my Facebook page you will have seen the video I did with Austin Moser on early season Banks Lake and Moses Lake walleye fishing. I will leave this up for one more week and then I will be posting one I did with Nate Stully on Banks Lake walleye fishing. If you want to see this one and others available only to subscribers, click the Subscribe button at the top of the page.

WAYS TO HOLD TITLE

Holding title represents legal ownership of a property and is documented on a deed recorded with the local county government. When purchasing property, it pays to consider how you will hold title. Since every circumstance is different, it may necessitate a different strategy. Below, I have listed common ways to hold title.

Sole Ownership – Ownership by an individual person or an individual entity.

- **A Single Person** – the property is purchased by one person who is not married or not in a domestic partnership. "John Doe, an unmarried person."
- **A Married Person or Registered Domestic Partner as a Separate Estate** – the property is purchased by a married person but will be owned separately from their spouse or partner. "John Doe, a married man as his separate estate."

Buying a property alone through sole ownership gives you complete control of the property, and upon your passing, the property is distributed according to your will.

Co-Ownership – Ownership by two or more persons or entities.

- **Community Property** – in Washington, property conveyed to a married person or someone in a domestic partnership is legally presumed to be community property unless acquired in another way. The property is owned equally by the spouses. Upon the passing of a spouse, the deceased's share of the property can be transferred by will, or if there is no will, it goes to the surviving spouse. "John Doe and Jane Doe, husband and wife."
- **Tenancy in Common** – this is when two or more persons or entities own fractional ownership interests in a property. These shares can be unequal. If one owner passes, their share does not automatically transfer to the other owners—it goes to their heirs or through probate. "John Doe, a single person as to a 30% interest, and Billy Bob, a single person as to a 70% interest."
- **Joint Tenancy with Right of Survivorship** – the property is owned in equal shares by two or more persons or entities. Upon the death of a joint tenant, the deceased's interest is automatically transferred to the surviving joint tenants. This method avoids probate, making it a popular choice for unmarried couples and co-buyers. "John Doe, a single person, and Billy Bob, a single person, as joint tenants with right of survivorship, and not tenants in common."

Thought and planning should be given when deciding how you will hold title to a property when purchasing. Community property laws, marital status, and ownership laws will all affect your long-term planning and goals. If you are unsure or have a unique situation, you should seek professional advice on what options are available to you.

"Going fast is your job...Telling people about it is ours...!"

EBERT HOLDS OFF JEFFERSON RACING TEAMMATE RAZ FOR "APPLE CUP" WIN | From NWSLM Media & NW Motorsports News

Tucson's Ethan Ebert led the final 50 laps to claim the 57th annual Apple Cup staged at Tri City Raceway, April 12. The win was his second in as many appearances in West Richland as Ebert won the 2025 Fall Classic. NWSLM photo

WEST RICHLAND, WA. (April 12, 2026) – Jefferson Racing came to play in this year's 57th annual Bonney's TYM Tractors "Apple Cup 125" at Tri-City Raceway RMEC, leading every lap of the Northwest Super Late Model Series.

The victory was unlike the track's "Fall Classic 200", and the 2025 season finale for the NWSLMS, where Ethan Ebert did not grab the lead for the first time until less than 10 laps to go.

Ebert, and teammate Kole Raz battled at the front of the field the entire event, with Ebert scoring the rich $10,000 victory in an exciting brawl to the finish over Raz and Evergreen Speedway's most prolific late model champion, Naima Lang. Wyatt Gardner and Tayler Riddle made up the remainder of the top-5 finishers.

"Dude, it's just crazy", Ebert said in Victory Lane. "That was a crazy race! Kole and I were up front dominating the whole race in our Port City Racecars and that's how you do it baby!"

The win was Ebert's second in-a-row in a Super Late Model at the ½-mile tri-oval, taking home a combined $20,000 for his efforts that included the 2025 Fall Classic.

The Tucson, AZ driver finished fifth in Saturday's Pro Late Model race but would not be denied in Sunday's weekend finale, grabbing the lead from teammate Raz after a lap 75 caution.

Raz tried repeatedly to take the lead back, never falling more than two car lengths back. A strong charge in the final 10 laps saw Raz get to the inside on multiple occasions but was unable to finish the move.

"I had no idea that anyone else was on the racetrack other than Kole", Ebert said. "It was crazy being in front of him, because that's a name that if he is behind you, he is gonna' get around you. It's not if, but when."

Raz was only slightly disappointed in Victory Lane but praised his young teammate for the win.

"The kid did a helluva' job," Raz said. "It's been really fun to learn with him and try to give him my tips as I could, but I may have given him a little too much."

The next event for the Northwest Super Late Model Series presented by Knottical Marine will be at Mode Stadium Stateline Speedway on May 16 for the "SLS 150" It will be the series 10th visit to the ¼-mile facility where Haeden Plybon scored the victory last May.

57th Apple Cup Results:
Ethan Ebert, 2. Kole Raz, 3. Naima Lang, 4. Wyatt Gardner, 5. Tayler Riddle, 6. Johvan Dillon, 7. Jason Jefferson, 8. Kasey Kleyn, 9. Bryce Bezanson, 10. Max Schroeder, 11. Jason O'Neil, 12. HAGAN WINS IN 1,000TH NHRA FUNNY CAR RACE. STEWART, ANDERSON ALSO GET VICTORIES AT WINTERNATIONALS
From NHRA media

POMONA, Calif. (April 12, 2026) – Four-time Funny Car world champion Matt Hagan won the 1,000th Funny Car race in NHRA history on Sunday at In-N-Out Burger Pomona Dragstrip, defeating three-time world champion Ron Capps in the final round to close out the 66th annual Lucas Oil NHRA Winternationals.

Tony Stewart (Top Fuel) and Greg Anderson (Pro Stock) also won the third of 20 races during the 2026 NHRA Mission Foods Drag Racing Series season.

Hagan went 3.876-seconds at 330.39 mph in his 12,000-horsepower Johnson's Horsepowered Garage Dodge//SRT Hellcat, holding off Capps' 3.893 at 334.32 in an epic side-by-side final round, capturing the milestone race in what was a thrilling matchup of the two winningest active drivers in the class.

"This race track has shown me so much love over the years. Racing Capps, man, it was like back in the day throwing it down, because we always used to throw down, so it just kind of felt natural," Hagen said.

Racing legend Tony Stewart delivered the first Top Fuel win for Elite Motorsports, going a weekend-best 3.683 at 332.51 in his 12,000-horsepower R&L Carriers dragster to knock off Justin Ashley in the championship round.

It's the first career win at In-N-Out Pomona Dragstrip for Stewart and his third career victory in his NHRA career, and this one will certainly be meaningful.

Stewart was .047 in the championship round and quickly tracked down Ashley on his standout run, getting the win a year after finishing as the Winternationals runner-up, this time during NHRA's 75th anniversary season.

In Pro Stock, six-time world champion Greg Anderson continued to rule the class at In-N-Out Pomona Dragstrip, as he won for a record-tying 17th time at the historic facility, holding off KB Titan Racing teammate Dallas Glenn in the final round with a run of 6.505 at 209.88 in his HendrickCars.com Chevrolet Camaro.

The NHRA Mission Foods Drag Racing Series returns to action April 24-26 with the NHRA 4-Wide Nationals at zMAX Dragway in Charlotte.
